About me

I am Vasilis. I am 25 years old and I am a passionate coder. I love technology and it is a big part of my life just like most people, nowadays. I am a BA student of Sociology at Panteion university of Social and Political sciences in Athens. I am into web development since July 2021, learning things on my own and getting better everyday. In my free time, I like practising my coding skills and that is how I expand my progress. As a professional, I have a little freelance experience.

other information

I am an out-of-the-box thinker. Finding solutions and keeping calm under pressure is a huge part of my professional personality. I highly value teamwork and I always pursue it in my pro relationships, since it is a main factor to the achievement of goals. I am a fast-learner and always open to learning new things. I am seeking for a work environment that will give me the chance to grow and reach my goals.
